

Assistant or Associate Professor in Human Neuroscience. The University of Kentucky Department of Psychology invites applications for a tenure track position at the assistant or associate level to begin Fall, 2011. Candidates must be experienced using fMRI. Their substantive interests may be in any existing research program in the department (behavioral neuroscience, clinical, cognitive, developmental, social). However, candidates must also be willing to collaborate with faculty in the Center for Drug Abuse Research Translation (<http://www.uky.edu/Research/CDART/>) doing research on substance abuse and/or its prevention in developing populations (i.e., children, adolescents and young adults). We seek applicants with a strong research program, potential to attract extramural funding, and commitment to excellent mentoring and teaching. Please submit a vita, statements of research and teaching interests, reprints and preprints, and arrange for three letters of reference to be sent to: Human Neuroscience Search Committee, Department of Psychology, 115 Kastle Hall, University of Kentucky, Lexington, KY 40506-0044. The application deadline is January 15, 2011. The University of Kentucky is a Carnegie Doctoral/Research University—Extensive, and the Department of Psychology has been identified as a Target of Opportunity within the University. The University of Kentucky is an Affirmative Action/Equal Opportunity University that values diversity and is located in an increasingly diverse geographical region. It is committed to becoming one of the top public institutions in the country. Women, persons with disabilities, and members of other underrepresented groups are encouraged to apply. The University supports family-friendly policies.
