JOB DESCRIPTION

**CENTER FOR AIDS INTERVENTION RESEARCH (CAIR)
NRSA POSTDOCTORAL FELLOWSHIP IN HIV PREVENTION RESEARCH**

The Center for AIDS Intervention Research (CAIR) at the Medical College of Wisconsin is now accepting applications for its Postdoctoral Fellowship Program in HIV Prevention Research. CAIR faculty are internationally-recognized for excellence in diverse areas of HIV prevention research.

This **mentor-based, project-oriented program** provides fellows with the opportunity to develop skills in

Manuscript writing/publishing
Grant writing
Research team management
Data management and analysis
Professional development & job seeking skills

The CAIR Fellowship Program combines seminars, conferences, and other educational opportunities with individualized, one-on-one mentoring by CAIR faculty. Postdoctoral fellows are integrated into existing research projects and are mentored to help them develop their own program of independent research and establish a record of scholarly productivity. This 2-year fellowship program is open to US citizens with a PhD, PsyD, DrPH, EdD, MD, JD or other doctoral training.

Contact Dr. Steven D. Pinkerton (414-955-7700; pinkerton@mcw.edu) to request application materials. The application deadline for fellowships beginning in Summer 2013 is January 25, 2013. Fellowships are contingent on funding.
