

Society for Prevention Research (SPR)
23rd Annual Meeting
Hyatt Regency Washington
Washington, DC
May 26 – May 29, 2015

Exhibitor Information

The exhibits at SPR are table top exhibits which are in the main registration area/coffee break area which is the Regency Foyer at the Hyatt Regency Washington on Capitol Hill. Each exhibitor is provided with a 6 ft. table and 2 chairs. If you require power, please request in advance as this will determine location of table. The set-up is relatively informal and the table placement is allocated trying to accommodate each exhibitor's needs. For example, you can have a floor display that could be placed behind the table, but you need to indicate this in advance. The schedule is flexible in that you don't need to have the table staffed at all times.

Shipments should go to your contact person's name. The hotel will charge your room directly for any handling costs.

An Invitation to Exhibit

Welcome to the 23rd Annual Meeting of the Society for Prevention Research. We are delighted to extend an invitation to you to exhibit at our conference. Please find listed below information as it pertains to the meeting and the Society for Prevention Research. We are looking forward to working with you.

About the Society for Prevention Research

The Society for Prevention Research is an organization dedicated to advancing scientific investigation on the etiology and prevention of social, physical and mental health, and academic problems and on the translation of that information to promote health and well-being. The multi-disciplinary membership of SPR is international and includes scientists, practitioners, advocates, administrators, and policy makers who value the conduct and dissemination of prevention science worldwide. Topics of active interest include, but are not limited to:

- Drug, alcohol, and tobacco use and abuse
- Psychiatric disorders and other mental health problems and related comorbidities
- Suicide
- HIV/AIDS and other sexually transmitted diseases
- Delinquency, crime, and violence
- Child abuse
- Cancer
- Diabetes
- Obesity
- Cardiovascular disease
- Marital and couple distress
- Adolescent pregnancy
- School and work participation performance
- Physical illness and injury

Meeting Attendee Profile

The Society for Prevention Research Annual Meeting brings together a broad spectrum of researchers in the field of prevention. Attendees include the world's senior prevention researchers as well as those who will become recognized leaders in the near future. Members are affiliated as follows: 75% are faculty members from universities or non-profit research institutes; 4% work for state or federal government agencies; 3% are affiliated with private research firms. The annual meeting is attended by those seeking the latest knowledge, tools and skills for addressing the social issues facing the nation and the world. The 2014 meeting held in Washington, D.C. had over 800 participants.

What Types of Organizations Should Exhibit
